

TC 35GDAN

PRODUCT DATASHEET

TC 35GD GLASS DOOR COOLER

High-quality, domestically produced, 35 liter refrigerated display case. Ventilation cooling can be controlled digitally. The device has 2 sintered wire shelves, plastic-covered steel sheet exterior, plastic-coated interior and vertical LED interior lighting. Premium quality cooling equipment, designed for the long term. The smaller refrigerated display cases are perfect for small shops and newsagents for the storage and sale of drinks, sandwiches, sweets, wine and beer. Thanks to the glass door, the contents of the refrigerated display case can be easily seen, so the goods placed inside attract the customer's attention, which can bring an increase in traffic for the store and the product. The cooling data refer to an ambient temperature of 60% air humidity and 25°C, the cooling performance may vary in other conditions.

PRODUCT DETAILS

DIMENSIONS

External size (mm)	300x566x606 (H)
Internal size (mm)	236x295x300 (H)
Net volume (l)	21
Gross volume (l)	35
Net weight (kg)	26
Gross weight (kg)	28
Number of shelves (pcs)	2
Shelf size (mm)	210x300
Shelf payload (kg)	5

TECHNICAL SPECIFICATIONS

Climate type	N
Temperature range (°C)	+2...+12
Thermostat	Digital
Refrigerant	R600a
Rated voltage (V)	230
Current (A)	0,19
Input power (W)	30
Internal material/color	Plastic-coated sheet steel / grey
External material/color	Plastic-coated sheet steel / anthracite
Type of lighting	one sized vertical LED
Type of cooling	Static

ACCESSORIES

Lock	no
Canopy	no
